CEO MESSAGE

Greeting and welcome to Ali & Company. We are proud for the many great projects we have built in our 15-plus year history. Our experience includes projects all over the Pakistan. We have extensive expertise with Electrical Work "(underground/Overhead)' Civil works , and impressive resume of work in Development and retail constructional & Company has a history of responsible business conduct.

We strongly believe that real business success is not just about profit measured in numbers but also, as importantly, about how those numbers are achieved.

Our corporate strategy reflects our commitments to sustainable business practices and balancing responsibility alongside growth and productivity foster a multi-cultural collaborative company culture and a flexible organizational structure that facilities creativity in motivating and managing our technical professional. Ali & Company team operate effectively and efficiently to deliver first class service to the valued customer.

We understand and respect the need for flexibility when constructing a facility and strive to provide this to our clients. We recognize the value of satisfied customers; the value of repeat business and the value of positive reference- each of these elements are motivating factors in our eagerness to produce a product worthy of tribute.

A vital aspect of our business that we take most seriously is that of safety. We employ a full-time safety officer, implement rigorous and on-going safety training and consistently take measures to evaluate our safety methods, No element of our business is greater that that of safety for employees, subcontractor and by-standers of our projects, The future holds our ongoing commitments to the growth and the development of the strength we offer ou customer, all to Ali & Company business drivers.

I would like to take his opportunity to pledge that I and the AC, Team will endeavor to devote our full efforts to exceed our customers' expectations & fully satisfy their needs and requirements.

Ali & Co

Civil, Electrical, Engineers & Contractor.

Decision Making

Unless otherwise provided herein, or as may from time to time be mutually agreed in writing between the Partners, all decisions of the Partners shall require the unanimous consent of the Partners.

Discharge of Partners Debts

The Partners shall regularly pay and discharge their separate debts and liabilities and shall indemnify the Partnership against the same.

Retirements and Determination

Any Partner may give notice in writing to the remaining Partner of his intention to retire or determine the Partnership, and if the remaining Partner is unwilling to carry on the business of the Partnership inter se themselves as given below, upon the expiry of six (6) months from the service of such notice upon the remaining Partner, the Partnership shall be determined, and thenceforth, cease to exist, provided that no Partner may serve any such notice for such period as he remain liable to repayment obligations to the Partnership or if the Partnership remains liable to any repayment obligations on account of any such lease-agreements that the Partners may have collectively undertaken in connection with or to further the business activities of the Partnership.

In the event that any Partner shall at any time during subsistence of the Partnership, be desirous of retiring, he shall be competent to do so, provided all liabilities arising out of any and all lease-agreements procured, individually or collectively, for purpose of effecting the business activities of the Partnership have been fully, wholly and completely discharged. In the event of a notice of retirement or determination, the remaining partner, subject to the terms hereof, be entitled to an option to purchase the share of the retiring Partner, as the case may be, in the property of the Partnership, upon giving a notice in writing to that effect at any time within three(3) months from the date of services of such notice.

Upon the determination of the Partnership the affairs of the Partnership shall be wound up in accordance with the provisions of the Partnership Act of 1932.

Restriction on Retiring Partner

Upon the retirement of a Partner under the provisions hereof, the retiring Partner

Audit Report 2023

ALI & CO NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED JUNE 30, 2023

1 STATUS AND OPERATIONS

The Firm is registered with registrar of firms Peshawar under Partnership Act 1932, and the registered office of the company is situated in Peshawar KPK. Firm is engaged in business of Construction mainly.

2 STATEMENT OF COMPLIANCE AND SIGNIFICANT ESTIMATES

2.1 Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of Accounting and Financial Reporting Standards for Small-Sized Entities (SSSE) issued by the Institute of Chartered Accountants of Pakistan and provisions of and directives issued under the Companies Ordinance, 1984. In case requirements differ, the provisions or directives of the Companies Ordinance, 1984 shall prevail.

2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention without any adjustment of the effects of inflation of current values of Pak Rupee.

2.3 Functional and presentation currency

These financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency.

2.4 Significant estimates and judgments

The preparation of financial statements in conformity with the Accounting and Financial Reporting Standards for the Small Sized Entities issued by the Institute of Chartered Accountants of Pakistan requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgment about carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which estimates are revised if the revision affects only that period, or in the period of the revision and any future periods affected.

Significant areas requiring the use of management estimates in these financial statements relate to the useful life of depreciable assets, provision for doubtful receivables and slow moving inventory. However, assumptions and judgments made by management in the application of accounting policies that have significant effect on the financial statements are not expected to result in material adjustment to the carrying amounts of assets and liabilities in the next year.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

3.1 Fixed Assets

Fixed assets are stated at historical cost less accumulated depreciation less impairment losses, if any.

Depreciation on fixed assets is charged to profit and loss account using the straight line method so as to write off the depreciable amount of an asset over its estimated useful life after taking into account their residual values. The assets' residual values and useful lives are reviewed at each financial year end and adjusted if impact on depreciation is significant.

Depreciation on additions to property and equipment is charged from the year in which an asset is acquired or capitalized, while no depreciation is charged for the year in which the asset is disposed off.

ALI & CO NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED JUNE 30, 2023

The Company assesses at each balance sheet date whether there is any indication that assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying values exceed the respective recoverable amount, assets are written down to their recoverable amounts and the resulting impairment loss is recognized in profit and loss account. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. Where an impairment loss is recognized, the depreciation charge is adjusted in the future periods to allocate the asset's revised carrying amount over its estimated useful life.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to profit and loss account during the period in which they are incurred.

Gains or losses on disposal of assets, if any, are included in profit and loss account as and when incurred.

3.2 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable against services provided in the normal course of business. Revenue is recognized in the accounting period in which the services are rendered and it is probable that the economic benefits associated with the transactions will flow to the Company and the amount of the revenue can be measured reliably.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.

Scrap sales and miscellaneous receipts are recognized on realized amounts.

3.3 Trade and other payables

Liabilities for trade and other amounts payable are measured at cost which is the fair value of the consideration to be paid in the future for goods and services received whether billed to the Company or not.

3.4 Taxation

The charge for current taxation is based on taxable income at the current rates of taxation after taking into account applicable tax credits, rebates, losses and exemptions available, if any.

3.5 Related party transactions

Transactions involving related parties in the normal course of business are conducted at an arm's length on the same terms and conditions as are applicable to third party transactions.

3.6 Cash and cash equivalents

Cash and cash equivalents are carried in the balance sheet at cost, except for foreign currency deposits, which are carried at fair value. For the purpose of the cash flow statement, cash and cash equivalents consist of cash in hand and balances with banks.

3.7 Offsetting of financial assets and liabilities

Financial assets and liabilities are offset and the net amount is reported in the financial statements only when there is a legally enforceable right to set off the recognized amount and the Company intends either to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

13 FINANCIAL RISK MANAGEMENT

13.1 Foreign exchange risk management

Foreign currency risk arises mainly where receivables and payables exist due to transactions with foreign undertakings. However, the Company is not exposed to any significant foreign currency risk.

13.2 Capital management

The Firm's objectives when managing capital are to safeguard the Firm's ability to continue as a going concern so that it can continue to provide returns for partners and benefits for other stakeholders, and to maintain a strong capital base to support the sustained development of its business. There were no changes to the Company's approach to capital management during the year.

13.3 Markup rate risk management

Markup rate risk arise from the possibility that changes in markup rates will affect the value of financial instruments. There are no interest based instruments and accordingly no exposure to cash flow risk.

14 CORRESPONDING FIGURES

Previous year's figures have been re-arranged and re-grouped wherever necessary for the purposes of comparison.

15 DATE OF AUTHORISATION

These financial statements were authorised on _____ by the board of directors of the company.

16 GENERAL

The figures have been rounded off to the nearest rupee, unless otherwise stated.

Audit Report 2022

ALI & CO NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED JUNE 30, 2022

The Company assesses at each balance sheet date whether there is any indication that assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying values exceed the respective recoverable amount, assets are written down to their recoverable amounts and the resulting impairment loss is recognized in profit and loss account. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. Where an impairment loss is recognized, the depreciation charge is adjusted in the future periods to allocate the asset's revised carrying amount over its estimated useful life.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to profit and loss account during the period in which they are incurred.

Gains or losses on disposal of assets, if any, are included in profit and loss account as and when incurred.

3.2 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable against services provided in the normal course of business. Revenue is recognized in the accounting period in which the services are rendered and it is probable that the economic benefits associated with the transactions will flow to the Company and the amount of the revenue can be measured reliably.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.

Scrap sales and miscellaneous receipts are recognized on realized amounts.

3.3 Trade and other payables

Liabilities for trade and other amounts payable are measured at cost which is the fair value of the consideration to be paid in the future for goods and services received whether billed to the Company or not.

3.4 Taxation

The charge for current taxation is based on taxable income at the current rates of taxation after taking into account applicable tax credits, rebates, losses and exemptions available, if any.

3.5 Related party transactions

Transactions involving related parties in the normal course of business are conducted at an arm's length on the same terms and conditions as are applicable to third party transactions.

3.6 Cash and cash equivalents

Cash and cash equivalents are carried in the balance sheet at cost, except for foreign currency deposits, which are carried at fair value. For the purpose of the cash flow statement, cash and cash equivalents consist of cash in hand and balances with banks.

3.7 Offsetting of financial assets and liabilities

Financial assets and liabilities are offset and the net amount is reported in the financial statements only when there is a legally enforceable right to set off the recognized amount and the Company intends either to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

ALI & CO NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED JUNE 30, 2022

1 STATUS AND OPERATIONS

The Firm is registered with registrar of firms Peshawar under Partnership Act 1932, and the registered office of the company is situated in Peshawar KPK. Firm is engaged in business of Construction mainly.

2 STATEMENT OF COMPLIANCE AND SIGNIFICANT ESTIMATES

2.1 Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of Accounting and Financial Reporting Standards for Small-Sized Entities (SSE's) issued by the Institute of Chartered Accountants of Pakistan and provisions of and directives issued under the Companies Ordinance, 1984. In case requirements differ, the provisions or directives of the Companies Ordinance, 1984 shall prevail.

2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention without any adjustment of the effects of inflation of current values of Pak Rupee.

2.3 Functional and presentation currency

These financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency.

2.4 Significant estimates and judgments

The preparation of financial statements in conformity with the Accounting and Financial Reporting Standards for the Small Sized Entities issued by the Institute of Chartered Accountants of Pakistan requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgment about carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which estimates are revised if the revision affects only that period, or in the period of the revision and any future periods affected.

Significant areas requiring the use of management estimates in these financial statements relate to the useful life of depreciable assets, provision for doubtful receivables and slow moving inventory. However, assumptions and judgments made by management in the application of accounting policies that have significant effect on the financial statements are not expected to result in material adjustment to the carrying amounts of assets and liabilities in the next year.

13 FINANCIAL RISK MANAGEMENT

13.1 Foreign exchange risk management

Foreign currency risk arises mainly where receivables and payables exist due to transactions with foreign undertakings. However, the Company is not exposed to any significant foreign currency risk.

13.2 Capital management

The Firm's objectives when managing capital are to safeguard the Firm's ability to continue as a going concern so that it can continue to provide returns for partners and benefits for other stakeholders, and to maintain a strong capital base to support the sustained development of its business. There were no changes to the Company's approach to capital management during the year.

13.3 Markup rate risk management

Markup rate risk arise from the possibility that changes in markup rates will affect the value of financial instruments. There are no interest based instruments and accordingly no exposure to cash flow risk.

14 CORRESPONDING FIGURES

Previous year's figures have been re-arranged and re-grouped wherever necessary for the purposes of comparison.

15 DATE OF AUTHORISATION

These financial statements were authorised on _____ by the board of directors of the company.

16 GENERAL

The figures have been rounded off to the nearest rupee, unless otherwise stated.

Auditor's Report to Management.

We have audited the accompanying balance sheet of ALI & CO (as at June 30, 2021 and related receipts & expenditures account & notes forming the part thereof, for the year ended (here-in-after referred to as the "financial statements")

It is the responsibility of the management to establish and maintain a system of internal control, and prepare and present at the above said statements in conformity with the management and to duly provide the records for audit. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes assessing the accounting policies used and significant estimates made by management as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements presents fairly, in all material respects, the financial position of the school as at June 30, 2021 and of its surplus/ (deficit) for the year then ended in accordance with the applicable accounting and financial reporting standards.

Audit Report 2021

ALI & CO NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED JUNE 30, 2021

1 STATUS AND OPERATIONS

The Firm is registered with registrar of firms Peshawar under Partnership Act 1932, and the registered office of the company is situated in Peshawar KPK. Firm is engaged in business of Construction mainly.

2 STATEMENT OF COMPLIANCE AND SIGNIFICANT ESTIMATES

2.1 Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of Accounting and Financial Reporting Standards for Small-Sized Entities (SSEs) issued by the Institute of Chartered Accountants of Pakistan and provisions of and directives issued under the Companies Ordinance, 1984. In case requirements differ, the provisions or directives of the Companies Ordinance, 1984 shall prevail.

2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention without any adjustment of the effects of inflation of current values of Pak Rupee.

2.3 Functional and presentation currency

These financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency.

2.4 Significant estimates and judgments

The preparation of financial statements in conformity with the Accounting and Financial Reporting Standards for the Small Sized Entities issued by the Institute of Chartered Accountants of Pakistan requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgment about carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which estimates are revised if the revision affects only that period, or in the period of the revision and any future periods affected.

Significant areas requiring the use of management estimates in these financial statements relate to the useful life of depreciable assets, provision for doubtful receivables and slow moving inventory. However, assumptions and judgments made by management in the application of accounting policies that have significant effect on the financial statements are not expected to result in material adjustment to the carrying amounts of assets and liabilities in the next year.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

3.1 Fixed Assets

Fixed assets are stated at historical cost less accumulated depreciation less impairment losses, if any.

Depreciation on fixed assets is charged to profit and loss account using the straight line method so as to write off the depreciable amount of an asset over its estimated useful life after taking into account their residual values. The assets' residual values and useful lives are reviewed at each financial year end and adjusted if impact on depreciation is significant.

Depreciation on additions to property and equipment is charged from the year in which an asset is acquired or capitalized, while no depreciation is charged for the year in which the asset is disposed off.

ALI & CO NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED JUNE 30, 2021

The Company assesses at each balance sheet date whether there is any indication that assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying values exceed the respective recoverable amount, assets are written down to their recoverable amounts and the resulting impairment loss is recognized in profit and loss account. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. Where an impairment loss is recognized, the depreciation charge is adjusted in the future periods to allocate the asset's revised carrying amount over its estimated useful life.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to profit and loss account during the period in which they are incurred.

Gains or losses on disposal of assets, if any, are included in profit and loss account as and when incurred.

3.2 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable against services provided in the normal course of business. Revenue is recognized in the accounting period in which the services are rendered and it is probable that the economic benefits associated with the transactions will flow to the Company and the amount of the revenue can be measured reliably.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.

Scrap sales and miscellaneous receipts are recognized on realized amounts.

3.3 Trade and other payables

Liabilities for trade and other amounts payable are measured at cost which is the fair value of the consideration to be paid in the future for goods and services received whether billed to the Company or not.

3.4 Taxation

The charge for current taxation is based on taxable income at the current rates of taxation after taking into account applicable tax credits, rebates, losses and exemptions available, if any.

3.5 Related party transactions

Transactions involving related parties in the normal course of business are conducted at an arm's length on the same terms and conditions as are applicable to third party transactions.

3.6 Cash and cash equivalents

Cash and cash equivalents are carried in the balance sheet at cost, except for foreign currency deposits, which are carried at fair value. For the purpose of the cash flow statement, cash and cash equivalents consist of cash in hand and balances with banks.

3.7 Offsetting of financial assets and liabilities

Financial assets and liabilities are offset and the net amount is reported in the financial statements only when there is a legally enforceable right to set off the recognized amount and the Company intends either to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

13 FINANCIAL RISK MANAGEMENT

13.1 Foreign exchange risk management

Foreign currency risk arises mainly where receivables and payables exist due to transactions with foreign undertakings. However, the Company is not exposed to any significant foreign currency risk.

13.2 Capital management

The Firm's objectives when managing capital are to safeguard the Firm's ability to continue as a going concern so that it can continue to provide returns for partners and benefits for other stakeholders, and to maintain a strong capital base to support the sustained development of its business. There were no changes to the Company's approach to capital management during the year.

13.3 Markup rate risk management

Markup rate risk arise from the possibility that changes in markup rates will affect the value of financial instruments. There are no interest based instruments and accordingly no exposure to cash flow risk.

14 CORRESPONDING FIGURES

Previous year's figures have been re-arranged and re-grouped wherever necessary for the purposes of comparison.
